SUBJECT 1. Cement Shipments to Red China 2. Cement Shortage 25X1 DATE DISTR. 9 April 1953 NO. OF PAGES 1	DATE OF INFO. 1. Cement Shipments to Red China 2. Cement Shortage 25X1 25X1 REQUIREMENT NO. REFERENCES 1. The Rumanian Government will use the following vessels for shipment of cement to Red China: FORTUNE STAR and HALCYON, each of 10,000 tons, and the REALMA?, 9,000 tons. Sugar is also being exported to Red China, but not necessarily in these ships. 2. Cement for use in Rumania is now in very short supply. Practically no cement is available for private individuals as almost all the production is taken by the state. Authorizations for cement are now so hard to get from the government that even public works are being held up. Important public works now delayed by the cement shortage are the bridge over the Siret River, eight kilometers from Galati, and the enlargement of Casa Scanteiel. The Siret River bridge has been delayed for two months. 3. Most of the Rumanian cement now comes from the old Cantacuzino works at Braila, the old Bolomey works at Azuga, and the cement works at Jinaia. 25X1 Comment: tons and 2,555 net) Panamanian registry, had been charted to carry 8,000 tons of cement from Constants to Bangkok with loading to take place in late October 1952.
